

// Fullstack Web Developer

Dudley Isaac Lucas

Willemstad, Curaçao +5999 516 8764 isaac@blueframe.digital blueframe.digital
github.com/bythealphabet

Fullstack developer with 8+ years of experience — including three at Rotterdam agency DotControl, building for brands like National Geographic, FOX Sports and DPG Media. Now running Blue Frame Digital, a web studio for businesses in Curaçao.

// Experience

Founder & Fullstack Developer

2024 — now

Blue Frame Digital · Curaçao

Websites, webshops and ongoing digital management for SME and construction-sector clients — from build to brand identity, content and email marketing.

Frontend Web Developer

2021 — 2024

DotControl · Rotterdam / Caribbean

Component-driven frontends in React, Vue and TypeScript for National Geographic, DPG Media and SourceUp. Using headless CMS integrations (Umbraco, Hygraph) and C# / Node.js backend work, collaborating remotely across international teams.

3D Drafter & Digital Processes

2017 — now

Solar Gard · Curaçao

3D design of shade structures in SketchUp, building digital calculator tools and building AI agents for automated quotes.

Earlier — construction & marketing

2008 — 2017

Carpenter, drafter and site foreman (Ballast Nedam, Hospital Nobo Otrobanda); design and assistant at marketing consultant Hero Media.
